

REMARKS

Claims 1-26 are all the claims pending in the application. By this Amendment, new claims 19-26 are added. Claims 1-6 and 13-18 are rejected under 35 U.S.C. §101 because the claimed invention is directed to non-statutory subject matter. Claims 7-12 are allowed.

To further claim the invention, Applicant adds new dependent claims 19 and 20, which are patentable for at least the reasons submitted for their respective base claims.

Applicant also adds new claims 21-26 which are believed to be patentable and do not add new matter

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
